

Each week, the Centers for Medicare & Medicaid Services (CMS) requires licensed nursing facilities to self-report the number of residents and staff who are fully vaccinated against COVID-19 to the CDC National Healthcare Safety Network (NHSN). The linked report shows each licensed nursing facility in Utah and their associated COVID-19 vaccine coverage among residents and staff. Any percentage above 75% is indicated in green and anything below that threshold is represented in red. NHSN provides this data to the Utah Department of Health (UDOH) each week. UDOH contacts facilities where any perceived data discrepancies are identified. These data will be published each week after quality assurance has been performed. The current data represented on the report is from the week of **12/13/2021 - 12/19/2021**.

Facility Name	Address Line 1	City	Local Health Department	% Residents Fully Vaccinated	% Staff Fully Vaccinated
